INDEX

To Vol. 70 of *Public Utilities Fortnightly*

Pages by Issue

July 5, 1962	Pages 1 to 64	October 11, 1962	Pages 513 to 600
July 19, 1962	Pages 65 to 128	October 25, 1962	Pages 601 to 688
August 2, 1962	Pages 129 to 192	November 8, 1962	Pages 689 to 752
August 16, 1962	Pages 193 to 256	November 22, 1962	Pages 753 to 816
August 30, 1962	Pages 257 to 320	December 6, 1962	Pages 817 to 880
September 13, 1962	Pages 321 to 384	December 20, 1962	Pages 881 to 944
September 27, 1962	Pages 385 to 512		

For Index to Feature Articles, see page x

Boldface type indicates feature articles.

Page numbers in italics refer to advertising section of particular issue noted.

Subject Index

ACCOUNTING
- Chairman of NARUC committee on accounts airs investment credit, 928.
- **Depreciation theories and accounting procedures, 1.**
- Handling of 3 per cent tax credit, 725.
- Interest credit *versus* "plant under construction," 232.
- New investment credit and proper accounting, 793.

APPORTIONMENT
- **Cost allocation controversy, 517.**
- NARUC report on telephone separations procedures, 932.

ATOMIC POWER
- Chart—kilowatt-hour costs at Bodega Bay atomic plant, 97.
- Chart — 1956-62 AEC expenditures for atomic power, 920.
- Hanford project, 158, 287, 551.
- New shot in arm for atomic power, 95.
- Prediction on nuclear power, 30.
- Progress with "exotic" power, 288.
- **Project Gnome: A nuclear explosive test, 266.**
- Recent publication—"Nuclear Power and Utility Systems," 863.
- Recent publication—Project Gnome nuclear detonation experiments, 175.
- Recent publication—"The Effects of Nuclear Weapons," 47.

ATOMIC POWER—Cont'd
- Trend toward larger atomic power reactors, 917.
- Two named to Atomic Energy Commission, 284.

CARRIERS
- See Motor Carriers; Railroads; Transportation.

CHARTS
- AEC expenditures for atomic power, 1956-62, 920.
- Composite income account of gas industry, 1945-61, 555.
- Ebasco charts of GNP for 1955-63, 724.
- Gas appliances in use today, 409.
- Growth of electric and gas sales, telephone calls, etc. (1920-70), 229.
- Kilowatt-hour costs at Bodega Bay atomic plant, 97.
- Nation's industrial production speeds use of gas, 409.
- New security issues by gas industry, 1945-61, 557.
- Trends and yields of utility securities, 99, 291, 352, 657, 791, 852.
- Utility price-earnings ratios 1929-62, 163.

COMMISSIONS
- See also Federal Communications Commission; Federal Power Commission.

COMMISSIONS—Cont'd
Federal agencies and their new approach to some of the old problems, 454, 459.
Powers of ICC are topic of debate, 719.
Regulator looks at rate case, 134.
Two named to Atomic Energy Commission, 284.
What the state commissioners are thinking about, 925.

COMMUNICATIONS
See also Radio and Television; Telephones.
AT&T comes closer to making space communications a reality, 107.
Automation of mass communications, *6, 7/5.*
Communications filibuster, *6, 9/13.*
Establishment of satellite communications systems, 606.
Keeping up with faster communications, *41, 10/25.*
Microwave—impact on telephone business, 214.
Miracle of Laser, 658.
Satellite communications system, 30, 92, 224, 344, 404, 466, 651.
Technical contact *versus* communication, *6, 10/25.*
Telstar: A firm step into space, 621.
Telstar satellite, *6, 8/2,* 157, 655.

COMPETITION
See also Private Enterprise.
Index of gas price competition, 528.
Reaction of telephone industry to microwave competition, 627.
Seeing fuel competition in the right perspective, 753.
Telephone business and competition, *29, 10/25.*

CONSOLIDATION, MERGER, AND SALE
Price of telephone property, *32, 10/25.*

CONSTITUTIONAL LAW
Changing fashions in constitutional protection of rights, *6, 11/8.*

CO-OPERATIVES
Missouri power pooling, 223.
Utilities hit Interior over REA co-op link, 284.

DEPRECIATION
Allowance for depreciation of contributed property, 371.
Depreciation theories and accounting procedures, 1.
Equitable defects of the "flow-through" theory, 79.
"Flow through" and equitable considerations, 909.
Hearings on depreciation deferred by FPC, 720.

DEPRECIATION—Cont'd
Importance of depletion allowance to future growth, 558.
Liberalized depreciation and rate of return for pipeline companies, 664.
Michigan utilities oppose "flow through" with accelerated depreciation, 98.
NARUC report on depreciation, 931.
NARUC report on price level adjustments of depreciation expense, 930.
NARUC report on technological improvements and the price level index, 930.
New depreciation rules and possible tax cuts, 349.
Ohio goes to "flow through," 161.

EARNINGS
See also Finances; Return.
Chart—utility price-earnings ratios 1929-62, 163.
Defects of earnings-price ratios, 18.
Table—data on electric utility stocks, 38, 167, 294, 410, 661, 795, 922.
Table—data on gas, telephone, water, and transit stocks, 101, 233, 354, 559, 728, 856.
Trends and yields of utility securities, 34, 99, 291, 352, 406, 657, 791, 793, 852, 921.
Utility price-earnings ratios now more reasonable, 164.

ECONOMICS
Chart—Ebasco charts of GNP for 1955-63, 724.
Future of business, 407.
Future U. S. energy requirements, 357.
Government—business outlook concerns EEI delegates, 41.
Inflation and the utilities, *6, 12/20.*
Kennedy accused of violating coal promise, 226.
National interest in public project planning, 859.
Soviet oil limitations asked, 159.
Utility growth in 1920-60 greatly exceeded that of GNP, 227.

EDUCATION
Management training for industrial customers, 901.
Programed instruction and teaching machines, *15, 9/27.*

ELECTRICITY
British power gets more expensive, *8, 9/13.*
Chart—growth of electric and gas sales, telephone calls, etc. (1920-70), 229.
Cost of fuel per kilowatt-hour down 10 per cent during 1957-61, 353.
Eastern utilities propose 500,000-kilowatt grid plus big power projects, 916.
EEI survey forecasts on capability and peak loads, 795.
Effect of GE damage suit settlement, 228.
Forecasts for electric utilities, 1963-80, 722.
Former government official attacks federal power, 653.

Boldface type indicates feature articles.
Page numbers in italics refer to advertising section of particular issue noted.

ELECTRICITY—Cont'd
Future U. S. energy requirements, 357.
Generating equipment on order up 3 per cent, 290.
Government—business outlook concerns EEI delegates, 41.
Labor's view of the electric utility industry, 823.
Management training for industrial customers, 901.
Missouri power pooling, 223.
NARUC report on electric utility service, 928.
Preference to utility power line asked, 347.
Progress with "exotic" power, 288.
Pumped storage and jet engines, 792.
Recent developments in retail rates, 84.
Recent publication—"Establishment of Rates for Electric Service," 175.
Research programs increased by electric utilities, 850.
Seeing fuel competition in the right perspective, 753.
Table—financial stock data, 38, 167, 294, 410, 661, 795, 922.
Up-to-date poisoning and pollution, *6, 8/2.*

EXPENSES
See also Depreciation.
Allowance for depreciation of contributed property, 371.
Cost of fuel per kilowatt-hour down 10 per cent during 1957-61, 353.
Disallowance of anticipated rate case expense, 420.
Premiums for officers' life insurance, 804.
Reasonableness of payments by telephone companies to affiliated manufacturers, 307.

FEDERAL COMMUNICATIONS COMMISSION
Chairman lists space communications as top priority, 927.
Incentive tax credit viewed by FCC, 846.

FEDERAL GOVERNMENT
Coal industry to answer fuels study, 720.
Congress must control REA, 689.
Customer stockholders *versus* government ownership, 400.
Economics of public works justification, *8, 11/22.*
Federal usurpation in the regulatory field, 504.
Former government official attacks federal power, 653.
Government—business outlook concerns EEI delegates, 41.
Liberalism and government officials, *6, 11/22.*
REA—a yardstick for government encroachment, 9.
Regional preference bill, 226.
Secrecy of government agency operations, 274.
Special interest groups, *6, 9/27.*
Use of Pacific Northwest's power potential, 193.

FEDERAL POWER COMMISSION
Appraisal of new FPC's first year, 562.
Backlog of pipeline rate cases rapidly clearing, 32.
Chairman outlines regulation plans, 926.
Chairman speaks on natural gas regulation, 170.
Funds asked by Federal Power Commission, 346.
Gas pipeline regulation may be changed by FPC, 29.
Gas rate increases expedited by FPC, 285.
Landis report and the Federal Power Commission—1962, 449.
Natural gas regulation and the FPC, 565.
Pipeline rate case backlog further reduced, 348.
Staff not sold on natural gas pipeline, 347.

FINANCES
Customer stockholders *versus* government ownership, 400.
Growth and financing in 1962, *48, 10/25.*
Guide to bond refunding, 385.
Light utility financing in third quarter, 354.
Public utilities of Japan—an investor's viewpoint, 699.
REA and § 5 loans, 761.
Stock market rallies moderately, 100.
Telephone industry growth, finance-wise, *38, 10/25.*
Utility financing in first half of 1962, 166.
Utility financing January 1st—September 30th down 19 per cent from 1961, 727.
Wall Street brochures, 36, 350, 659, 854.

GAS
AGA holds its 44th, *6, 10/11.*
AGA president comments on natural gas regulation, 28.
Atlantic Seaboard formula, 817.
Chart—composite income account of gas industry, 1945-61, 555.
Chart—growth of electric and gas sales, telephone calls, etc. (1920-70), 229.
Chart—nation's industrial production speeds use of gas, 409.
Chart—new security issues by gas industry, 1945-61, 557.
Chart—113 million gas appliances in use today, 409.
Conference on gas and the total energy concept, 550.
Cost allocation controversy, 517.
Distributor's viewpoint of natural gas industry's future, 798.
FPC chairman speaks on natural gas regulation, 170.
FPC expediting gas rate increases, 285.
FPC may change gas pipeline regulation, 29.
FPC's natural gas advisory council meets, 786.
FPC staff not sold on natural gas pipeline, 347.

Boldface type indicates feature articles.
Page numbers in italics refer to advertising section of particular issue noted.

GAS—Cont'd
Future U. S. energy requirements, 357.
Gas continues to gain as energy source, 553.
Growth forecast for gas industry, 1961-71, 556.
Growth trends of gas industry in 1960-70 projected by AGA, 38.
High Btu gas from coal, 533.
Housing project power to be generated by gas, 558.
Importance of depletion allowance to future growth, 558.
Index of gas price competition, 528.
Law in regard to underground storage of gas, 491.
Liberalized depreciation and rate of return for pipeline companies, 664.
NARUC report on the service of natural gas utilities, 932.
Nation's gas industry, with special reference to federal gas producer regulation, diversification, and public image, 513.
Natural gas executives' forum—ideas of company executives, *17, 10/11.*
Natural gas regulation and the FPC, 565.
Pipeline rate case backlog further reduced, 348.
Public interest in gas industry rate structures, 65, 145.
Recent developments in retail rates, 84.
Recent publication—"Underground Storage of Natural Gas in the United States," 417.
Seeing fuel competition in the right perspective, 753.
Statements at the AGA convention, 731.
Table—financial stock data, 101, 233, 354, 559, 728, 856.
Threshold prices revisited, 542.

INDUSTRY
Chart—nation's industrial production speeds use of gas, 409.
Future of coal industry, 413.
Meaning of conservation, *8, 10/11.*
Public ownership in Britain today, 321.
Twentieth Century antiques, *8, 11/8.*
U. S. power output ranked No. 1, 855.
U. S.-Soviet energy race, 848.

INTERCORPORATE RELATIONS
Disregarding "corporate fiction," *8, 7/19.*
Howard Hughes authorized to control Northeast, 94.
Reasonableness of payments by telephone companies to affiliated manufacturers, 307.
Regulatory impact of earnings or losses of the nonregulated department or subsidiary, 479.

LABOR
Electric utility industry—labor's view, 823.
Higher wages *versus* fringe benefits, 781.

LABOR—Cont'd
Trends in retirement programs, 894.

LEGISLATION
Adjournment sinks public works projects, 718.
Administration wins REA victory, 225.
Area preference under fire—Hanford project, *8, 8/16.*
Changing times and changing pressures, *6, 8/30.*
Communications Satellite Act, *6, 9/13,* 30, 92, 224, 286, 344, 466.
Fryingpan dam passes House, 30.
Hanford bill, 158, 287, 551.
Landis report and the Federal Power Commission—1962, 449.
Mass transit bill gains in Congress, 285.
Meaning of "control" in statutes, 471.
Modified tax bill enacted, 652.
NARUC report on legislative activity, 929.
REA provision bill moves ahead, 285.
Regional preference bill, 226.
Report of national fuels and energy study group, 566.
Senate enacts excise tax bill, 93.
Soviet oil limitations asked, 159.
Tax cut still considered, 847.
Telephone tax repeal urged, 847.
Urban transit bill makes progress, 160.

MANAGEMENT
Instruments of security, 337.
Management training—a company responsibility, *34, 10/25.*
Management training for industrial customers, 901.
Managerial discretion in establishing rate schedules, 243.
Necessity of company management meetings, 203.
Programed instruction and teaching machines, *15, 9/27.*
Return allowance in relation to efficiency, 675.
Stock option plans for supervisory employees, 741.
Trends in retirement programs, 894.

MERCHANDISING
Installer-repair man and the telephone sales program, 642.
Marketing and sales approach urged for independents, 671.

MONOPOLY
Myth of regulated utility monopoly, 257, 328.

NEWS ITEMS
March of Events, 48, 112, 176, 240, 304, 367, 418, 567, 672, 738, 802, 864, 933.

PAGES WITH THE EDITOR
AGA holds its 44th, *6, 10/11.*
Area preference under fire—Hanford project, *8, 8/16.*

Boldface type indicates feature articles.
Page numbers in italics refer to advertising section of particular issue noted.

PAGES WITH THE EDITOR—Cont'd
Automation of mass communications, *6, 7/5.*
British power gets more expensive, *8, 9/13.*
Changing fashions in constitutional protection of rights, *6, 11/8.*
Changing times and changing pressures, *6, 8/30.*
Communications filibuster, *6, 9/13.*
Cuban telephone conversation, *8, 10/25.*

PRIVATE ENTERPRISE
Instruments of security, 337.
Public ownership in Britain today, 321.
Rôle of profits in the enterprise system, 236.

PROGRESS OF REGULATION
Review of Current Cases, 53, 117, 181, 245, 310, 373, 421, 572, 677, 743, 805, 869, 938.
Trends and Topics, 51, 115, 179, 243, 307, 371, 420, 569, 675, 741, 804, 867, 935.

PUBLICATIONS
Atomic energy publications, 175.
"Establishment of Rates for Electric Service," 175.
"Nuclear Power and Utility Systems," 863.
Saline water research reports, 303.
"The Effects of Nuclear Weapons," 47.
"Underground Storage of Natural Gas in the United States," 417.
Wall Street brochures, 36, 350, 659, 854.

PUBLIC RELATIONS
Ask the customer what he wants, *44, 10/25.*
House organ and public opinion, *35, 10/25.*
Installer-repair man and the telephone sales program, 642.
Newsletter—another relations tool, 773.
Teen-age stockholders' meeting, 45.

RAILROADS
Discriminatory state assessment of railroad property for general property tax purposes, 434.
Featherbedding battle—railroads win round, 721.
Function of Washington office of NARUC, 498.

RAILROADS—Cont'd
Passenger deficit reduced again, 230.
Piggyback expands, *6, 6/16.*
Spokesman sees improving future for industry, 861.
Subsidization of railroad commuter traffic by Philadelphia, 835.

RATE BASE
Rate of return *versus* rate base, 395.
Regulatory impact of earnings or losses of the nonregulated department or subsidiary, 479.
Unrecovered investment in abandoned property, 51.

RATES
Atlantic Seaboard formula, 817.
Escalation clauses in rate schedules, 935.
FPC expediting gas rate increases, 285.
Gas industry rate structures and the public interest, 65, 145.
Index of gas price competition, 528.
Managerial discretion in establishing rate schedules, 243.
Minimum bill or service charge to allocate fixed costs of service, 569.
Recent developments in retail rates, 84.
Recent publication—"Establishment of Rates for Electric Service," 175.
Regulator looks at rate case, 134.

REGULATION
Federal agencies and their new approach to some of the old problems, 454, 459.
Federal usurpation in the regulatory field, 504.
Genesis of utility regulation, *6, 12/6.*
Myth of regulated utility monopoly, 257, 328.
NARUC report on the regulatory procedures act, 931.
Regulator looks at rate case, 134.
Telstar possible because of reasonable regulation, 655.
The lawyer's rôle in regulation, 710.
Toward an improved regulatory climate, 881.

RETURN
Defects of earnings-price ratios, 18.
Liberalized depreciation and rate of return for pipeline companies, 664.
Rate base *versus* rate of return, 395.
Rate of return not limited by rate proposals, 867.
Return allowance in relation to efficiency, 675.
Return on unrecovered investment in abandoned property, 51.
Returns allowed on fair value lower than on original cost, 290.

RURAL ELECTRIFICATION ADMINISTRATION
Administration wins REA victory, 225.

Boldface type indicates feature articles.
Page numbers in italics refer to advertising section of particular issue noted.

RURAL ELECTRIFICATION ADMINISTRATION—Cont'd
Administrator tells of "friends in Congress," 653.
Congress must control REA, 689.
Power pooling supported by REA Administrator, 926.
REA and urban reapportionment, *8, 8/30.*
REA—a yardstick for government encroachment, 9.
REA provision bill moves ahead, 285.
Section 5 loans and REA, 761.
Utilities hit Interior over REA co-op link, 284.

SECURITIES
Addresses by utility company executives at NYSSA forums, 293.
American Tel. & Tel. has 2.2 million shareholders, 292.
Call premiums and other limitations on redemption of securities, 115.
Chart—new security issues by gas industry, 1945-61, 557.
Chart—utility price-earnings ratios 1929-62, 163.
Customer stockholders *versus* government ownership, 400.
Defects of earnings-price ratios, 18.
Guide to bond refunding, 385.
Index-divisor method of adjusting for stock dividends and splits, 853.
Pipeline stocks depressed by rate cuts and refunds, 789.
Security offerings, 100, 165, 231, 408, 726, 794, 918.
Stock exchange data on special subscription accounts, 228.
Stock option plans for supervisory employees, 741.
Table—data on electric utility stocks, 38, 167, 294, 410, 661, 795, 922.
Table—data on gas, telephone, water, and transit stocks, 101, 233, 354, 559, 728, 856.
Trends and yields of utility securities, 34, 99, 291, 352, 406, 657, 791, 793, 852, 921.
Utility price-earnings ratios now more reasonable, 164.

SERVICE
Installer-repair man and the telephone sales program, 642.
Marketing programs for good telephone service, *50, 10/25.*
Meeting the needs of a boom growth area, *47, 10/25.*
NARUC report on electric utility service, 928.
NARUC report on the service of natural gas utilities, 932.
New ways of serving the customer, *44, 10/25.*
Public demand—blessing in disguise, *42, 10/25.*
Serving an exploding population, *30, 10/25.*

TABLES
Current yield yardsticks, 793.
Data on electric utility stocks, 38, 167, 294, 410, 661, 795, 922.
Data on gas, telephone, water, and transit stocks, 101, 233, 354, 559, 728, 856.
Security offerings, 165, 726.
Trends and yields of utility securities, 34, 406, 921.

TAXES
Bell system prefers tax credit spread, 922.
Cutting the excises, *8, 12/20.*
Deduction for income tax when consolidated tax returns are filed, 179.
Discrimination in taxation of public utilities, 442.
Discriminatory state assessment of railroad property for general property tax purposes, 434.
Equitable defects of the "flow-through" theory, 79.
Handling of 3 per cent tax credit, 725.
Incentive tax credit viewed by FCC, 846.
Modified tax bill enacted, 652.
New depreciation rules and possible tax cuts, 349.
Phone tax challenged, 661.
Rôle of telephone companies as tax collectors, *37, 10/25.*
Senate enacts excise tax bill, 93.
Tax cut still considered, 847.
Telephone tax repeal urged, 847.
Utility excise taxes still with us, *6, 7/19.*

TELEPHONES
American Tel. & Tel. has 2.2 million shareholders, 292.
ANC means industry progress, *40, 10/25.*
Bell system prefers tax credit spread, 922.
Board chairman of AT&T speaks on telephone industry future, 667.
Chart—growth of electric and gas sales, telephone calls, etc. (1920-70), 229.
Competition in the telephone business, *29, 10/25.*
Cuban telephone conversation, *8, 10/25.*
Direct distance dialing and the independent company, *46, 10/25.*
Expanding responsibilities of modern telephony, *27, 10/25.*
Increased expansion—key to success, *51, 10/25.*
Independents face challenge of future, 601.
Independent telephone companies' future, *38, 10/25.*
Installer-repair man and the telephone sales program, 642.
Keeping pace with modern technology, *49, 10/25.*
Marketing and sales approach urged for independents, 671.
Microwave—impact on telephone business, 214.

Boldface type indicates feature articles.
Page numbers in italics refer to advertising section of particular issue noted.

TELEPHONES—Cont'd
NARUC report on telephone separations procedures, 932.
Programed instruction and teaching machines, *15, 9/27.*
Reaction of telephone industry to microwave competition, 627.
Reasonableness of payments by telephone companies to affiliated manufacturers, 307.
Rôle of telephone companies as tax collectors, *37, 10/25.*
"Shaking down" process continues among independent telephone companies, 660.
Space age communications, 614.
Status of independent telephony, *39, 10/25.*
Table—financial stock data, 102, 234, 355, 560, 729, 857.
Technical contact *versus* communication, *6, 10/25.*
Telephone tax repeal urged, 847.
Threshold year for Bell system, *27, 10/25.*
Wire tapping and tummy tapping, *8, 8/30.*

TELEVISION
See Radio and Television.

TENNESSEE VALLEY AUTHORITY
Changes in TVA leadership, 93.
New TVA head speaks on future regional development, 104.

TRANSPORTATION
See also Motor Carriers; Railroads.
D. C. gets transit plan, 788.
ICC chairman lauds carrier system, 927.
Mass transit bill gains in Congress, 285.
President's transportation message praised, 91.
Solving traffic congestion not enough, 46.
Subsidization of railroad commuter traffic by Philadelphia, 835.
Table—financial stock data, 102, 234, 355, 560, 729, 857.
